

The summer office style guide

Without a proper strategy, suits and summer can be a match made in hell. Here are some tips for maintaining a professional appearance without the perspiration.

KEEP YOUR COOL

Play with typography

- ▶ Increase the line height to make paragraphs more readable
 - A line height of 1.25-1.5 times more than the font size is a good estimate
- ▶ Using a variety of text sizes makes emails both engaging and helpful

Play with typography

- ▶ Increase the line height to make paragraphs more readable
 - A line height of 1.25-1.5 times more than the font size is a good estimate
- ▶ Using a variety of text sizes makes emails both engaging and helpful
- ▶ Selecting different fonts add contrast and make emails look distinctive
